

AQUAMOR HIGH FLOW SERIES

105128

105134

105135

ADVANCED FILTRATION TECHNOLOGY

The Aquamor Foodservice line of filters contains a variety of substrates acting as scale inhibitors; greatly reducing the mineral deposits in treated water and providing an exponentially cleaner drinking experience. Our high-quality blocks provide tremendous capacity to reduce impurities such as chlorine taste and odor as well as sand, silt, sediment, and rust which may be present in your drinking water. Our patented scale inhibitor media reduces the accumulation of minerals that lead to hard water deposits from lime and scale build-up on equipment. These processes ensure that you are getting the cleanest and best tasting water possible. The Foodservice line provides superior protection for your office coffee and Insta-hot appliances, reducing downtime and unnecessary maintenance, and extending the life of your appliances. Aquamor Foodservice filters are economical and will provide you superior protection in any beverage or food equipment application.

ITEM CODE	NAME OF THE ITEM	MICRON	CLAIM	FLOW RATE -GPM	CAPACITY -GAL
105128	AQUAMOR TRIPLE BGE3200	0.5	Cyst,Sediment,Rust,Chlorine, taste & Order	6.3	87000
105134	AQUAMOR TRIPLE BGP3200S	0.5	Cyst,Scale,Sediment,Rust, Chlorine,taste & Order	6.3	99000
105135	AQUAMOR QUAD BGE 3200S	0.5	Cyst,ScaleSediment,Rust, Chlorine,taste & Order	8.4	116000
105136	AQUAMOR QUAD BGP3200S	0.5	Cyst,ScaleSediment,Rust, Chlorine,taste & Order	8.4	132000
105137	AQUAMOR PENTA BGE 3200S	0.5	Cyst,ScaleSediment,Rust, Chlorine,taste & Order	10.5	145000
105138	AQUAMOR QUAD BGE 4200S	0.5	Cyst,ScaleSediment,Rust, Chlorine,taste & Order	11.6	160000

FILTER FEATURES

- NSF certified models available
- IAPMO R&T certified models available
- HALAL certified models available
- Economical alternative to expensive filter substitutes
- Delivers clean and clear water that looks and taste great
- Scale-reducing models significantly reduce build-up due to minerals present in the water supply
- Designed to provide lifespan significantly longer than any other filter on the market
- Does not remove minerals which may be beneficial to health
